## DecoScape Introduces the Bosca Collection

DESIGNED TO MEET THE DEMANDS OF A&D INDUSTRY PROFESSIONALS, DECOSCAPE'S COLLECTIONS PROVIDE UNPARALLELED FLEXIBILITY AND CUSTOMIZATION.

## **DecoScape has introduced the Bosca Collection.**

**Combining Mid-Century  
Modern design elements  
with sustainable innovation,  
this new collection offers a  
curated selection of seating  
and table furniture pieces  
designed for seamless  
outdoor lounging and dining.**

Inspired by the golden era of modern design, Bosca embodies soft curves, clean lines and organic textures—aluminum frames come together with composite wood and soft cushions, mixing materials effortlessly for a sophisticated design. The Bosca Collection includes a Club Chair, Loveseat, Armless Chaise, and Benches

in 6', 7', and 10' sizes, paired with table options including a 50" x 50" Coffee Table, 18" x 18" Side Table, and a variety of Square and Rectangular Table Tops.

“We are thrilled to introduce the Bosca Collection to the market. This timeless collection embodies the very best of what DecoScape has to offer—exquisite design, innovative material applications, and expert craftsmanship,” says Steven Bramson, CEO of DecoScape. “Bosca delivers sophisticated, durable, and highly customizable solutions for today’s outdoor spaces. We’re excited to see how designers incorporate these pieces into their projects.”

The Bosca Collection is GreenCircle Certified and crafted using eco-conscious materials, featuring 93% recycled content in its molded lumber. The sustainable composition includes a blend of 23% pre-consumer and 52% post-consumer recycled materials, making Bosca an ideal choice for those prioritizing environmentally responsible and expertly crafted products.

## PRODUCTS

---

Designed to meet the demands of A&D industry professionals, DecoScape's collections provide unparalleled flexibility and customization. The Bosca collection's weather-resistant aluminum frames and washable cushions can be tailored to meet design needs. Customization options include a variety of finishes and an extensive selection of fabric options, including Sunbrella® textiles and customer-supplied materials (COM).

All DecoScape products are 100% manufactured in-house at the brand's state-of-the-art Miami facility, which is equipped with the latest in advanced machinery. This integrated production enables DecoScape to produce the material innovation behind collections like Bosca, from raw material to final product, while also ensuring unmatched customization capabilities and industry-leading lead times.
